4.	Repairs are being made to small vessels and fishing craft in Shipyard No. 3; no new construction work was observed in this yard.
5.	The machine shops of the Gdansk Maritime Office (Gdanski Urzad Morski-GUM) are located on the western part of the Slaski quay where Shipyard No. 12 used to be. These workshops are engaged in repairing tugs, cutters and motor torpedo boats of the Folish navy and WOP. 50X1-HUM
6.	tanker of about 8,000 gross tons is being reconditioned in the Danzig Shipyard, after which it will join the Polish merchant fleet. Several navy trawlers are also being repaired and four new navy tugs are being built in the same yard.
	50X1-HUM
#	Comment: These vessels of the BUG class have a deadweight tonnage of about 670 tons.
H-);-	Comment: The 2,500-ton ship ZAPORZHE was launched at this slip It is being built for the USSR.
